35. Sitting Bull – Chief who fought for his people's land.
36. Mother Teresa – Nun who cared for very sick, poor people.
37. King Tut – Boy king of Egypt buried with treasures.
38. Daniel Boone – Explorer known for wearing a raccoon hat.
39. Sojourner Truth – Freed slave who spoke out for rights.
40. Paul Revere – Rode at night shouting, "The British are coming!"
41. Blackbeard – Pirate with a smoking beard and many swords.
42. Clara Lemlich – Young girl who led workers' protests.
43. Ruby Bridges – First little girl to go to a white school.
44. Henry Ford – Made cars that many people could buy.

- 45. Booker T. Washington – Born a slave, then built a school.
- 46. Laura Ingalls Wilder – Wrote about life in small houses.
- 47. Confucius – Wise teacher from China who said “Be kind.”
- 48. Princess Diana – Kind princess who hugged the sick.
- 49. Squanto – Taught Pilgrims how to grow corn well.
- 50. Annie Oakley – Amazing shooter who hit tiny targets.

Scientists and Inventors

- 51. Isaac Newton – An apple fell on his head and he learned why things fall.
- 52. Jane Goodall – Lived with chimps to learn how they live.
- 53. Steve Jobs – Made the first iPhone and cool computers.
- 54. Rosalind Franklin – Took secret pictures of DNA shapes.
- 55. Nikola Tesla – Created electric machines like magic.
- 56. Rachel Carson – Warned that poisons hurt birds and fish.
- 57. George Washington Carver – Found many ways to use peanuts.
- 58. Charles Darwin – Sailed the world to study animals and change.
- 59. Sally Ride – First American woman in space.
- 60. Galileo Galilei – Looked at stars and got in big trouble.
- 61. Katherine Johnson – Did space math so rockets could fly.
- 62. Alexander Fleming – Found medicine by accident in mold.
- 63. Ada Lovelace – First computer coder who was a girl.
- 64. Jacques Cousteau – Explored the ocean with special gear.
- 65. Temple Grandin – Made farms better by using her unique mind.
- 66. Louis Pasteur – Showed germs make people sick and fixed milk.

67. Grace Hopper – Found a real bug in a computer.
68. Carl Sagan – Explained space on TV so kids could understand.
69. Mae Jemison – Doctor who danced in space as an astronaut.
70. Bill Gates – Started Microsoft in a garage and grew rich.
71. Mary Anning – Dug up big dinosaur bones on beaches.
72. Stephen Hawking – Studied black holes from his wheelchair.
73. Barbara McClintock – Found genes that jump in corn.
74. Robert Goddard – Built rockets when no one believed they could fly.
75. Chien-Shiung Wu – Physics scientist nicknamed “Madame Curie.”
76. John Deere – Made steel plows farmers still use today.
77. Elizabeth Blackwell – First woman doctor when girls weren’t allowed.
78. Guglielmo Marconi – Sent messages through the air without wires.
79. Francis Crick – Figured out DNA is a twisted ladder.
80. Jonas Salk – Made the shot that stopped polio in kids.
81. Maria Mitchell – Astronomer who found a famous comet.
82. James Watt – Improved steam engines to run big machines.
83. Dorothy Hodgkin – Used X-rays to see tiny drug parts.
84. Eli Whitney – Built the cotton gin that changed farming.
85. Patricia Bath – Eye doctor who made laser surgery for eyes.
86. Alfred Nobel – Invented dynamite and set up prize awards.
87. Mary Leakey – Dug up ancient footprints of early people.
88. Charles Babbage – Designed the first computer but never built it.
89. Stephanie Kwolek – Created strong Kevlar used in bullets’ vests.
90. Antoine Lavoisier – Named oxygen and helped start chemistry.

91. Hedy Lamarr – Movie star who helped invent Wi-Fi tech.
92. Milton Hershey – Made chocolate bars everyone loves.
93. Dmitri Mendeleev – Created the chart of all chemical elements.
94. Ellen Ochoa – First Hispanic woman astronaut who played flute.
95. James Naismith – Invented basketball with peach baskets.
96. Marie Van Brittan Brown – Made the first home security camera.
97. Philo Farnsworth – Farm boy who made modern TV.
98. Percy Julian – Made medicines from plants no one thought of.
99. Garrett Morgan – Invented traffic lights and gas masks.
100. Lise Meitner – Discovered how atoms split but was left out.

Artists and Writers

101. William Shakespeare – Wrote plays about kings, ghosts, and love.
102. Maya Angelou – Wrote poems after staying quiet as a child.
103. Vincent van Gogh – Painted swirly stars and bright sunflowers.

141. Alma Thomas – Painted bright mosaics after she retired.
142. Shel Silverstein – Drew funny art and wrote silly poems.
143. Judy Chicago – Made a dinner table art piece for famous women.
144. Rudyard Kipling – Wrote “The Jungle Book” about boy and wolves.
145. Dorothea Lange – Took photos of people during hard times.
146. Lewis Carroll – Made Wonderland where nothing makes sense.
147. Augusta Savage – Sculpted figures with little money.
148. Eric Carle – Made “The Very Hungry Caterpillar” with painted paper.
149. Gwendolyn Brooks – First Black poet to win a big prize.
150. N.C. Wyeth – Drew pirate book pictures with great detail.

World Leaders and Changemakers

151. Nelson Mandela – Spent 27 years in jail to fight unfair laws.
152. Malala Yousafzai – Was hurt for asking girls to go to school.
153. Caesar Chavez – Helped farm workers get better pay.
154. Queen Victoria – Ruled England for a very long time.
155. Greta Thunberg – Kid who skipped school to save Earth.
156. Abraham Lincoln – Kept America together during a big war.
157. Mother Jones – Grandma who fought for kids’ work rights.
158. Winston Churchill – Led England in tough war with strong talks.

159. Dolores Huerta – Said “Yes we can!” for farm workers’ rights.
160. Theodore Roosevelt – President who loved nature and teddy bears.
161. Wangari Maathai – Planted millions of trees in Africa.
162. Franklin D. Roosevelt – President in a wheelchair who helped in a depression.
163. Rigoberta Menchú – Maya woman who spoke up for natives.
164. Jawaharlal Nehru – First leader of India after it won freedom.
165. Queen Liliuokalani – Last Hawaiian queen who wrote sweet songs.
166. Simon Bolivar – Freed many South American lands from Spain.
167. Corazon Aquino – President in yellow after a mean ruler.
168. Alexander the Great – Conquered lands before he turned thirty.
169. Benazir Bhutto – First woman leader of a Muslim country.
170. Napoleon Bonaparte – Short general who took over most of Europe.
171. Golda Meir – Grandma who led Israel in hard times.
172. Mansa Musa – Rich African king who spent so much gold markets shook.
173. Eva Perón – Girl who became Argentina’s loving leader.
174. Genghis Khan – Started small tribe, built giant empire.
175. Indira Gandhi – Strong woman prime minister of India.
176. Catherine the Great – German princess who ruled Russia well.
177. Lech Wałęsa – Shipyard worker who led big strikes in Poland.
178. Peter the Great – Tall czar who made Russia modern.
179. Aung San Suu Kyi – Stayed home arrested for fighting unfair rule.
180. Charlemagne – United Europe and started many schools.
181. Vigdís Finnbogadóttir – First woman elected president in Iceland.
182. Suleiman the Magnificent – Sultan with beautiful golden robes.

183. Wilma Mankiller – First woman chief of Cherokee Nation.
184. Marcus Aurelius – Roman emperor who wrote wise notes.
185. Shirley Chisholm – First Black woman to run for president.
186. Montezuma II – Aztec ruler who met Spanish with gifts.
187. Barbara Jordan – Great speaker who kept the Constitution safe.
188. Emperor Meiji – Changed Japan from old to new ways.
189. Patsy Mink – Wrote law so girls could play sports in schools.
190. Ashoka the Great – King who switched from war to peace.
191. Janet Reno – First woman top law officer in the U.S.
192. Akbar the Great – Muslim ruler who treated all religions fair.

38. Alexander Graham Bell – Invented the telephone so people could talk over wires.

- 39. Florence Nightingale – Improved hospitals and made nursing a key profession.
- 40. Neil Armstrong – The first person to walk on the moon.

Living Wax Museum Project Ideas

- 41. Neil Armstrong – The first person to step on the moon's dusty surface.
- 42. Wilma Rudolph – An Olympic runner who beat polio to become the fastest woman.
- 43. Abraham Lincoln – The tall president in a stovepipe hat who freed the slaves.
- 44. Amelia Earhart – A brave pilot in a leather jacket who flew across oceans.
- 45. Betsy Ross – A seamstress who sewed the first American flag with stars.
- 46. Albert Einstein – A scientist with wild white hair who once stuck out his tongue.
- 47. Helen Keller – A girl who learned to talk by feeling hands and water.
- 48. Martin Luther King Jr. – A minister who gave stirring speeches about his dreams.
- 49. Florence Nightingale – A nurse who carried a lamp while caring for soldiers.
- 50. George Washington – The first president who crossed the Delaware River standing up.
- 51. Sally Ride – An astronaut who rode the space shuttle into orbit.
- 52. Dr. Seuss – An author who made Cat in the Hat with a red-and-white top hat.
- 53. Sacagawea – A Native American who carried her baby while guiding explorers.
- 54. Benjamin Franklin – An inventor who flew kites in thunderstorms to study electricity.
- 55. Marie Curie – A scientist who handled glowing materials in her lab.
- 56. Thomas Edison – An inventor surrounded by light bulbs and record players.
- 57. Rosa Parks – A woman sitting firm on a bus seat, refusing to move.
- 58. Jackie Robinson – A baseball player stealing bases in a Brooklyn uniform.
- 59. Leonardo da Vinci – An artist with a brush working on the Mona Lisa.

60. Jane Goodall – A researcher kneeling with a notebook, watching chimpanzees.

Wax Museum School Project Ideas

61. Anne Frank – A Jewish girl who hid from the Nazis and wrote in her diary.

62. Thomas Jefferson – President who wrote the Declaration of Independence with a quill pen.

63. Harriet Tubman – A conductor of the Underground Railroad who used a lantern at night.

64. George Washington Carver – A scientist who found hundreds of ways to use peanuts.

65. Susan B. Anthony – A women's rights leader who fought for voting rights.

66. Alexander Graham Bell – Inventor who said, "Mr. Watson, come here!" into his first telephone.

67. Ruby Bridges – A six-year-old who was the first to integrate her all-white school.

68. Wright Brothers – Bicycle builders who made the first working airplane.

69. Marie Curie – A scientist working with glowing test tubes of radium.

70. Abraham Lincoln – A president giving the Gettysburg Address to crowds.

71. Clara Barton – A nurse caring for wounded soldiers on Civil War battlefields.

72. Benjamin Franklin – A diplomat and inventor flying his famous electricity kite.

73. Pocahontas – A Native American who helped settlers survive harsh winters.

74. Louis Braille – A blind teacher who made a raised-dot reading system.

75. Jane Goodall – A primatologist who studied chimpanzee families in African jungles.

76. Helen Keller – A girl learning to spell "water" into her teacher's hand.

77. Martin Luther King Jr. – A minister giving his famous "I Have a Dream" speech.

78. Florence Nightingale – A nurse carrying her lamp through dim hospital halls.

79. Albert Einstein – A scientist writing $E=mc^2$ on a chalkboard with messy hair.

80. Amelia Earhart – A pilot in a leather cap and goggles standing by her red plane.
