

# Small Welding Project Ideas for Kids

## Home Workshop Projects

1. Make a bookend shaped like your favorite animal.
2. Build a coat hook to hang jackets near the door.
3. Create a napkin holder for the kitchen table.
4. Weld a small trash can for your room or study.
5. Make a rocket-shaped pencil holder.
6. Build a phone stand to hold your device safely.
7. Create a cookie cutter in any shape you like.
8. Weld a garden tool holder for outdoor work.
9. Make a picture frame for a family photo.
10. Build a key holder to hang near the entrance.
11. Create a salt and pepper shaker set.
12. Weld a stool to reach high shelves.
13. Make a desk organizer with small sections.
14. Build a towel rack for the bathroom wall.
15. Create a wind chime that makes music outside.
16. Weld a shoe rack for closet space.
17. Make a candle holder for dinner time.
18. Build a handle for an old wooden toolbox.
19. Create a bird feeder to hang in trees.
20. Weld a magazine rack for storing books.
21. Make a soap dispenser for the bathroom sink.

- 22. Build a plant hanger for indoor plants.
- 23. Create a doorstop shaped like your pet.
- 24. Weld a fire poker for safe fireplace use.
- 25. Make a business card holder for your desk.

## **Small Welding Projects from Scrap**

- 26. Turn old bike parts into wall art.
- 27. Make a robot sculpture with pipe pieces.
- 28. Create a flower pot from a metal bucket.
- 29. Build a bird house with scrap sheet metal.
- 30. Turn broken tools into a garden sculpture.
- 31. Make a lamp using old car parts.
- 32. Create a clock face from scrap circles.
- 33. Build a fence gate with leftover bars.
- 34. Turn horseshoes into a lucky door decoration.
- 35. Make a mailbox post from metal tubes.
- 36. Create a table base from old metal legs.
- 37. Build a weather vane with metal sheets.
- 38. Turn springs into a bouncy doorstop.
- 39. Make a garden trellis with metal rods.
- 40. Create a sculpture from nuts and bolts.
- 41. Build a fire pit ring from metal strips.
- 42. Turn gears into moving wall art.
- 43. Make a bottle opener from metal scraps.

- 44. Create a tool rack from old metal bars.
- 45. Build a playground item for backyard fun.
- 46. Turn chains into a plant hanger.
- 47. Make a mirror frame from bent metal.
- 48. Create a welcome sign with scrap sheets.
- 49. Build a thermometer holder from metal tubes.
- 50. Turn washers into a wind spinner toy.

### **Small Welding Projects to Sell**

- 51. Make keychains in fun shapes and colors.
- 52. Build garden stakes for tall plants.
- 53. Create animal shapes for yard decoration.
- 54. Weld coat hooks for wall use.
- 55. Make bottle openers shaped like tools.
- 56. Build plant hangers for flower lovers.
- 57. Create business card holders for desks.
- 58. Weld candle holders for dinner tables.
- 59. Make bookends shaped like famous places.
- 60. Build towel bars for bathrooms.
- 61. Create wind chimes with pretty sounds.
- 62. Weld picture frames for wall photos.
- 63. Make paper towel holders for kitchens.
- 64. Build key holders near front doors.
- 65. Create phone stands for video watching.

- 66. Weld trash cans for rooms or offices.
- 67. Make napkin holders for homes or restaurants.
- 68. Build magazine racks for waiting rooms.
- 69. Create pen holders for desk use.
- 70. Weld shoe racks for closets or mudrooms.
- 71. Make soap dispensers for kitchens or bathrooms.
- 72. Build plant stands for gardens.
- 73. Create doorstops shaped like cartoons.
- 74. Weld fire tools for fireplaces or camps.
- 75. Make spice racks for kitchen walls.

## **Garden and Outdoor Projects**

- 76. Build a trellis for beans and pea plants.
- 77. Make a bird bath to bring friendly birds.
- 78. Create a garden gate with metal designs.
- 79. Weld a greenhouse frame for winter plants.
- 80. Make a compost bin holder for food waste.
- 81. Build a fence post to mark yard space.
- 82. Create a weather vane to show wind direction.
- 83. Weld a fire pit for roasting marshmallows.
- 84. Make a garden arch with flowers around it.
- 85. Build a tool shed frame for storing gear.
- 86. Create a scarecrow frame to protect crops.
- 87. Weld a water feature for soft garden sounds.
- 88. Make plant markers for naming crops.

89. Build an outdoor table for meals outside.
90. Create a swing set for backyard fun.
91. Weld a greenhouse shelf for seed starters.
92. Make a garden sculpture shaped like animals.
93. Build an outdoor grill frame for cooking.
94. Create a zip line anchor for backyard rides.
95. Weld a chicken coop frame for raising hens.
96. Make an outdoor sink for washing veggies.
97. Build a tree swing support for safe fun.
98. Create a game post for family play.
99. Weld a pergola frame for shaded seating.
100. Make a storage box for garden tools.

### **Small Welding Project Ideas at Home**

101. Create a laptop stand for comfy work.
102. Make a coat tree that stands in corners.
103. Build a spice rack for the kitchen wall.
104. Weld a nightstand frame for bedroom needs.
105. Create a TV stand for entertainment gear.
106. Make a curtain rod for windows.
107. Build a toy box frame for storing games.
108. Weld a coffee table base for the living room.
109. Create a shoe organizer for closets.
110. Make a desk lamp base for study time.

- 111. Build a mirror frame for the bathroom wall.
- 112. Create a hat rack for winter clothes.
- 113. Weld a bench frame for hallways or porches.
- 114. Make a towel warmer for bathroom comfort.
- 115. Build a guitar stand for instruments.
- 116. Create an umbrella stand for rainy days.
- 117. Weld a side table for holding drinks.
- 118. Make a clock frame with fun design.
- 119. Build a storage rack for sports gear.
- 120. Create a plant stand for flowers.
- 121. Weld a footstool to reach cabinets.
- 122. Make a cookbook holder for recipes.
- 123. Build a wall shelf for favorite items.
- 124. Create a charging station for electronics.
- 125. Weld an ottoman frame for resting feet.

## **Useful Welding Projects**

- 126. Make a car jack stand for safe work.
- 127. Build an engine hoist for lifting motors.
- 128. Create a welding table for projects.
- 129. Weld a vise stand for holding pieces.
- 130. Make a drill press table for neat holes.
- 131. Build a tool cart for workshop tools.
- 132. Create a workbench frame for projects.

- 133. Weld an anvil stand for hammer work.
- 134. Make a pipe bender for shaping tubes.
- 135. Build a saw horse for cutting wood.
- 136. Create a grinder stand for sharpening tools.
- 137. Weld a parts washer for cleaning parts.
- 138. Make a storage cabinet for supplies.
- 139. Build a lifting crane for heavy items.
- 140. Create a threading stand for making bolts.
- 141. Weld a press brake for bending sheets.
- 142. Make a roller stand for long items.
- 143. Build a welding cart for moving tools.
- 144. Create a magnetic sweeper for picking nails.
- 145. Weld a parts sorter for tiny screws.
- 146. Make an air hose reel for workshops.
- 147. Build a material rack for metal pieces.
- 148. Create a safety gear holder for tools.
- 149. Weld an extension cord reel for wires.
- 150. Make a project stand for steady work.

### **Art and Decorative Projects**

- 151. Create a metal flower that never needs water.
- 152. Make an abstract sculpture for the yard.
- 153. Build a wall hanging with your name.
- 154. Weld a bowl for holding pretty items.
- 155. Create an animal figure for the garden.

156. Make a picture easel for artwork display.
157. Build a geometric shape that shines in sunlight.
158. Weld a decorative cross for wall display.
159. Create a metal tree for holding jewelry.
160. Make a spiral design that spins in the wind.
161. Build a letter shape that spells names.
162. Weld a decorative fence for flower beds.
163. Create a butterfly to sit on fences.
164. Make a star shape for holiday fun.
165. Build a wave pattern for ocean-themed rooms.
166. Weld a decorative gate for garden paths.
167. Create a metal sun that brightens spaces.
168. Make a musical note for music lovers.
169. Build a heart shape for gifts.
170. Weld a decorative anchor for sea themes.
171. Create a feather that looks real.
172. Make a lightning bolt for wall display.
173. Build a compass rose for adventure décor.
174. Weld a horseshoe for good luck.
175. Create a metal leaf that stays the same.

## **Kitchen and Dining Projects**

176. Make a pot rack that hangs from the ceiling.
177. Build a spice jar holder for the counter.

178. Create a cutting board stand for storage.
179. Weld a napkin dispenser for the table.
180. Make a salt and pepper mill set.
181. Build a utensil holder for cooking tools.
182. Create a paper towel dispenser for the kitchen.
183. Weld a dish drying rack for plates.
184. Make a wine holder for special times.
185. Build a counter stool for seating.
186. Create a fruit bowl for snacks.
187. Weld a bread box to keep loaves fresh.
188. Make a coffee mug tree for drinks.
189. Build a kitchen island frame for workspace.
190. Create a pot lid organizer for cabinets.
191. Weld a recipe book stand for cooking.
192. Make a cookie jar for keeping treats.
193. Build a kitchen scale base for measuring.
194. Create a serving tray for carrying food.
195. Weld a dish towel holder for cleanup.
196. Make a microwave stand to save counter space.
197. Build an ice bucket for cold drinks.
198. Create a kitchen timer holder for reminders.
199. Weld a garbage can frame for waste.
200. Make a dining chair frame for meals.

## **Workshop and Garage Projects**

201. Build a vise for holding projects steady.
202. Make a tool organizer for keeping things sorted.
203. Create a rolling cart for moving supplies.
204. Weld a parts bin system for screws.
205. Make a magnetic tool holder for workshops.
206. Build an air compressor stand for tools.
207. Create an extension cord holder for safety.
208. Weld a grinding wheel stand for sharpening.
209. Make a project clamp for holding pieces.
210. Build a ladder rack for garage storage.
211. Create a safety stand for protective gear.
212. Weld an oil drain pan for vehicles.
213. Make a hardware sorter for nuts and bolts.
214. Build a mobile tool stand that rolls.
215. Create a rod holder for welding sticks.
216. Weld a shop vacuum stand for cleaning.
217. Make a rack for measuring tools.
218. Build an outlet stand for power access.
219. Create a saw blade holder for cutting tools.
220. Weld a drill bit organizer for holes.
221. Make a sandpaper dispenser for smooth work.
222. Build a project light stand for bright work.
223. Create a first aid kit holder for safety.

- 224. Weld a fire extinguisher bracket for emergencies.
- 225. Make a shop clock for tracking time.

## **Furniture and Storage Projects**

- 226. Create a bookshelf frame for stories.
- 227. Make a clothing rack for clean clothes.
- 228. Build a coffee table base for the living room.
- 229. Weld a nightstand frame for bedrooms.
- 230. Create a toy chest for storing games.
- 231. Make a desk frame for homework.
- 232. Build a storage bench with hidden space.
- 233. Weld a side table for drinks.
- 234. Create a bar stool for kitchen counters.
- 235. Make a dresser frame for clothes.
- 236. Build a rocking chair base for rest.
- 237. Weld an ottoman frame for feet.
- 238. Create an entertainment center for TV and games.
- 239. Make a dining table base for family meals.
- 240. Build a wardrobe frame for nice clothes.
- 241. Weld a filing cabinet for papers.
- 242. Create a bean bag chair frame for comfort.
- 243. Make a shoe rack for mudrooms.
- 244. Build a grandfather clock frame for time.
- 245. Weld a jewelry box frame for treasures.

- 246. Create a computer desk for homework or games.
- 247. Make a camping chair frame for outdoors.
- 248. Build a bathroom vanity frame for routines.
- 249. Weld a laundry basket frame for dirty clothes.
- 250. Create a picnic table base for outside eating.
